Business & Economics / Human Resources & Personnel Management, By . . .

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management, Eighth Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

Provides a brief introduction to human resource management. This book focuses on the uses of human resources for the general population. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

We are excited to present the seventh edition of Employee Training and Development. This revised edition maintains a balance between research and real company practices with its lively writing style and most up-to-date developments. It provides readers with a solid background in the fundamentals of training and developments such as needs assessment, transfer of training, learning environment design, methods, evaluation Salient Features: - New! In-text examples and chapter openers feature companies from all industries, including service, manufacturing, retail, and non-profit organization - New! Latest research findings and best company practices each chapter like flipped classroom, adaptive training, big data and workforce analytics, learning management systems, etc. - New! Cases given in the book provides issues related training and development faced by actual companies - Coverage on use of technologies for training delivery, such as online learning, social media, mobile learning, gamification, and virtual worlds

The revised and fully updated second edition of this textbook illustrates the multi-layered knowledge accumulated in the field of international human resource management, developing understanding of the strategic management of people in organizations in a global context. It integrates comparative approaches to human resource management, extending beyond traditional coverage of the field to provide a broader overview of contemporary cultural, institutional and organizational challenges.

This is a completely updated revision of this highly successful human resource management text. Focusing on the most critical issues in HRM the author introduces the reader to all aspects of the discipline with a decided focus on practical applications to day-to-day HR management. Continuing in the tradition of previous editions, it presents the subject in a clear, concise, and conversational style.· Understanding HRM- The Legal And Ethical Context Of HRM- Staffing The Organization- Training And Development- Maintaining High Performance

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.
