Journal du magnétisme

This is Eliphas Levi's (1810-1875) best-known book. This work arguably made Levi THE most influential writer on magic since the Renaissance. Originally issued in French, the English translator is A.E. Waite and it is doubtful that anyone else could have better captured the essence of Levi's work. The book is divided in two parts; the first is theoretical, the second practical. This is a fascinating and often debated work involving a discussion that covers almost the entire realm of Ritual and High Magic.

Geomancy, a three-thousand-year-old form of earth divination, can answer your questions about relationships, career, money, and all aspects of life. In this comprehensive, easy-to-follow introduction to the topic, bestselling author Richard Webster presents eight different methods you can try, from astrological geomancy to Arthurian divination to a version attributed to Napoleon. Each method is based on making a random number of marks, then interpreting the message based on the resulting pattern. *Geomancy for Beginners* also includes simple instructions on how to craft your own geomantic tools. With Webster's sample readings and diagrams, it's easy to begin practicing this age-old form of divination to receive guidance and insight.

"A collection of essays examining medieval and early modern texts aimed at performing magic or receiving illumination via the mediation of angels. Includes discussion of Jewish, Christian and Muslim texts"--Provided by publisher.

In this sequel to the successful set of *Bird Cards: The Healing Power of the Bird Kingdom*, which was also published in Dutch, German and French editions, Jane Toerien again reveals to us the subtle power of the bird kingdom. Birds offer much more to the planet than simply their beauty and song, and this new set reveals more of their mystical and transformation power. The characteristic energies of a further 66 birds from around the world are described, each bird coming alive visually with Joyce van Dobben's beautiful and symbolic illustrations. The cards and accompanying book are a powerful tool that can help us to connect with a higher expression of ourselves and offer a helping hand in our own aspiring flight to paradise. The set can be used together with the previous set or can be used independently. Contains 66 cards.
