Kristin Neff, Ph.D., says that it's time to "stop beating yourself up and leave insecurity behind." Self-Compassion: Stop Beating Yourself Up and Leave Insecurity Behind offers expert advice on how to limit self-criticism and offset its negative effects, enabling you to achieve your highest potential and a more contented, fulfilled life. More and more, psychologists are turning away from an emphasis on self-esteem and moving toward self-compassion in the treatment of their patients—and Dr. Neff's extraordinary book offers exercises and action plans for dealing with every emotionally debilitating struggle, be it parenting, weight loss, or any of the numerous trials of everyday living.

This volume presents the art and life of Nell Blaine, a member of the second generation of the New York School. Her work represents a dialogue between abstract principles and her sensory responses to the visible world. Her oils and watercolours of gardens, landscapes and flower still lifes display her commitment to the pleasure principle, her delight in vision, combined with a gift for improvisation and rhythm learned from the jazz greats of the 1940s.

In the wake of the dramatic series of corporate meltdowns: Enron; Tyco; Adelphia; WorldCom; the timely new edition of this successful text provides students and business professionals with a welcome update of the key issues facing managers, boards of directors, investors, and shareholders. In addition to its authoritative overview of the history, the myth and the reality of corporate governance, this new edition has been updated to include: analysis of the latest cases of corporate disaster; An overview of corporate governance guidelines and codes of practice in developing and emerging markets new cases: Adelphia; Arthur Andersen; Tyco Laboratories; Worldcom; Gerstner's pay packet at IBM Once again in the new edition of their textbook, Robert A. G. Monks and Nell Minow show clearly the role of corporate governance in making sure the right questions are asked and the necessary checks and balances in place to protect the long-term, sustainable value of the enterprise. A CD-ROM containing a comprehensive case study of the Enron collapse, complete with senate hearings and video footage, accompanies the text. The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. This new edition updates and significantly revises 25% of the entries and has an additional 20 new entries. New online material makes it the most up-to-date and accessible Hospitality Management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from both a sectoral level: Lodging, Restaurants/Food service, Time-share, Clubs and Events as well as a functional one: Accounting & Finance, Marketing, Strategic Management, Human Resources, Information Technology and Facilities Management. Its unique user-friendly structure enables readers to find exactly the information they require at a glance; whether they require broad detail which takes a more crosssectional view across each subject field, or more focused information which looks closely at specific topics and issues within the hospitality industry today.

Cruise Operations Management: Hospitality Perspectives provides a comprehensive and contextualized overview of hospitality services for the cruise industry. As well as providing a background to the cruise industry, it also looks deeper into the management issues providing a practical guide for both students and professionals alike. Since the first edition of this book, there have been many important developments in the industry and this new edition features revised chapters on: contemporary cruise operations cruise geography itinerary planning health, safety and security maritime issues and legislation. In addition, there is a new chapter on 'Cruise Management Resources' intended to be of benefit to research students. Cruise Operations Management presents a range of issues illustrated by a number of case studies that encourage the reader to examine the often complex circumstances that surround problems or events associated with cruise operations. The case studies are contemporary and are constructed from first hand research with a number of international cruise companies providing a real world insight into this industry. They include 'Roles and Responsibilities on a Cruise Ship', 'Customer Service Systems and Passenger Profiles' and 'Managing Food and Drink Operations Onboard'. Each case study is followed by questions that are intended to illuminate issues and stimulate discussion. The structure of the book is designed so the reader can either build knowledge cumulatively for an in-depth knowledge of managerial practices and procedures onboard a cruise ship, or they can 'dip in' and make use of specific material and case studies for use within a more generic hospitality or tourism learning context.
