Directed by Wes Craven. With Bill Pullman, Cathy Tyson, Zakes Mokae, Paul Winfield. An anthropologist goes to Haiti after hearing rumors about a drug used by black magic practitioners to turn people into zombies.

The Serpent and the Rainbow (1988) - IMDb

At the very least THE SERPENT & THE RAINBOW raises interesting questions about magical ethics and the role of magical practitioners in their communities. It also describes the rarest type of government to ever exist in the Americas: the thaumacracry (a society governed by the belief in magic and the power of its practitioners). ...

The Serpent and the Rainbow: A Harvard Scientist's ...

The Serpent and the Rainbow is a book written by ethnobotanist Wade Davis in 1985. The book is responsible for popularizing the idea that Haitian Voodoo priests can use drugs derived from pufferfish venom (tetrodotoxin) to simulate death in victims, causing them to be buried, dug up, and enslaved as brain-damaged zombies .

The Serpent and the Rainbow - Wade Davis - Google Books

Based extremely loosely on a non fiction novel of the same name by real life ethnobotanist Wade Davis, The Serpent and the Rainbow was something of a step up and a breakaway from straight horror compared to Craven's past semi exploitational movies (The Last House on the Left, Swamp Thing) or wider in scope and more adult than his blackly comic teen horrors (A Nightmare on Elm Street, The Deadly Friend) creating a memorable mixture of culture clash horror and political thriller all held ...

The Serpent and The Rainbow [DVD] (1988): Amazon.co.uk ...

THE SERPENT & THE RAINBOW is a fascinating anthropological study that reads like fiction; easily capable of holding a reader's interest from start to finish. It is the early 1980's and Harvard educated ethnobotanist (one who scientifically studies the relationship between people and plants) Wade Davis is sent to Haiti to investigate the validity of two reported cases of zombification.
